

Volunteer Habitat Restoration!

Join **Rivers & Lands Conservancy** as we restore habitat at our Jurupa Hills Mary Vagle Preserve! The area is conserved for the endangered delhi sands flower-loving fly and California gnatcatcher! These species are dependent on California native shrubs to survive. Volunteers will help us remove invasive weeds and plant native shrubs. With your help, we can restore and enhance habitat for these endangered species. *All ages are welcome to attend!*

Saturday, February 1st, 2020 9:00 am – 12:00 pm

Minors must be accompanied by an adult and under their supervision for the entire event. Wear long pants and comfortable closed-toe shoes. Bring a refillable water bottle. Work tools and gloves will be provided.

Please RSVP with Denis Charbonneau at dcharbonneau@riversandlands.org in case we need to contact you about event cancellation. If you have any questions about the event please email, or call (951) 788-0670 x1008.

The portion of the Jurupa Hills Mary Vagle Preserve we will be working in is located behind Mary Vagle Nature Center in Fontana at the address - 11501 Cypress Ave E, Fontana, CA 92337 (see page 2 for a map).
